CPA EXAMINATION NOVEMBER 1963

Haskins & Sells is pleased to congratulate the more than 100 staff accountants from 30 domestic offices who successfully completed the CPA Examination in November 1963. An additional 400-plus members of the staff sat for the examination, and most of them completed parts of it. The passing record of those who used the Firm's *CPA Examination Study Guide* was about 35 per cent better than the record of those who did not.

Sixteen of the successful candidates

are from the Los Angeles Office, a new record for a single office. Los Angeles had set the old record at 15 in the May 1960 examination and tied it the following May.

Twenty-three of the successful candidates*, from states permitting all four parts of the examination to be taken at once, passed the entire examination at first sitting. Three of them were among the ten candidates who received Honorable Mention for the Elijah Watt Sells Award of the American Institute of CPAs: John B. Henriksen, Jr. (San Francisco), William H. Smith, III (Boston), and Ronald H. Uthe (Honolulu).

Mr. Henriksen received a BA degree in 1961 from Rollins College, where he majored in mathematics and business and served as Treasurer of his class. He earned an MBA degree from Stanford

Graduate School of Business in 1963.

Mr. Smith has a BA degree from Yale, where he majored in economics and was elected to Phi Beta Kappa. When he graduated in 1962, he stood in the top one per cent of his class. Following graduation, he completed the eight-week accounting course sponsored by the Firm for liberal arts majors at the University of Illinois.

Mr. Uthe attended Albany (New York) Business College before going on to the Wharton School of Finance and Commerce, University of Pennsylvania, where he majored in economics and graduated in 1962 with a BS degree. While serving in the Navy in the Pacific area he visited Hawaii and determined to make his home there.

The Firm takes special pride in the distinction they bring to Haskins & Sells.
